Wednesday, 30 April 2008

FC New York is a registered 501C 3 not for profit corporation. Our commitment to the sport of soccer is centered locally and extends around the world.

Our teams consist of the most talented and committed players available. No player is disqualified due to economics. On the pitch our children train and compete equally, regardless of race, demographics, religious creed, political opinion, ethnicity, national or social origin, Off the field friendships are forged and tomorrows leaders may be in our mist.

Our outreach program; S.H.A.K.E. (soccer helping achieve kids equality) has been making a difference for 5 years. Our players and volunteers collect used cleats and uniforms. They clean them, repackaging them and send them to teams and organizations around the corner and around the world.
